

Cost increasing & supply concern of He Gas can be solved!

# STABLE PRODUCTION, COST REDUCTION

## BY HE RECYCLE SYSTEM!!

He Gas demand for leak test is increasing, while supply shortage.  
 Last 2-3years, He Gas price hikes doubled, it is big pressure for production cost.

100%He, 5-50%He, Test Pressure range 0<4.5MPa  
 Customized HE RECOVERY SYSTEM matching with  
 your Leak Tester conditions.

- Comes with He Density control
- Most efficient drive designed for recovering He Gas (Servo, Hydraulic, Compressor)
- Energy, Space saving, low noise
- Customize(I/O signal with HLT)

We offer reasonable price for your facility investment and shortening amortization period.

JAPAN TECHNOLOGY + MADE IN KOREA realizes HIGH QUALITY SYSTEM with LOW PRICE AND QUICK DELIVERY.

We have many supply history for global OEM companies around the world.

Reduce **70% ~ 80%** of your He Gas cost!

Many of our customers are happy with our system and service

We also He Leak Testing Machine. Please send RFQ if interested.
